

## Inmediata Health Group Inc. Achieves HITRUST r2 Certification Demonstrating the Highest Level of Information Protection Assurance

HITRUST r2 Certification validates Inmediata is committed to strong cybersecurity and protecting sensitive data.

San Juan, Puerto Rico, August 25, 2025 – Inmediata Health Group Inc., a leading provider of *cloud-based healthcare technology solutions that streamline claims, clearinghouse, electronic medical records, and practice management, today announced that SecureClaim, SecureEMR, SecureInsight, and SecureTrack platforms; residing at Amazon Web Services has earned certified status by HITRUST for information security.*

HITRUST r2 Certification demonstrates that the organization’s Secure Claim, Secure EMR, Secure Insight, Secure Track has met demanding regulatory compliance and industry-defined requirements and is appropriately managing risk. This achievement places Inmediata Health Group in an elite group of organizations worldwide that have earned this certification. By including federal and state regulations, standards, and frameworks and incorporating a risk-based approach, the HITRUST Assurance Program helps organizations address security and data protection challenges through a comprehensive and flexible framework of prescriptive and scalable security controls.

“Organizations like ours are continually under pressure to address current and emerging threats and meet complex compliance, information protection, and privacy requirements,” said Severiano López, Chief Executive Officer at Inmediata Health Group. “We are pleased to demonstrate to our customers the highest standards for data protection and information security by achieving the rigorous HITRUST r2 Certification.”

“HITRUST certification is globally recognized as validation that information security and privacy controls are effective and compliant with various regulations. HITRUST certification is considered the gold standard because of the comprehensiveness and applicability of the control requirements, depth of the assurance process, and level of oversight that ensures accuracy,” said Jeremy Huval, Chief Innovation Officer at HITRUST.
